Dear Harold,

I'm sending you another check for $20.00 for some more copies of Oswald in New Orleans. I've made several public appearances in the last few weeks and quite a few people bought copies of it so I only have two left. I probably should have written you a week ago for some more but I got tied up. The book is really helping me present the case to the people out here and I'm rapidly being booked up for appearances in March, so I'll probably be ordering some more books from you in about 2 or 3 weeks.

I have been waiting for a copy of "President Kennedy's Final Hour", the DCA film, but I think that the government picked it off in the mail since its long overdue. I am going to try to scrape together some money to have slides made from the relevent portions of it so let me know if you would like me to have a set made for you. (By all means let me know if Dave Lifton or someone else has already done this and is selling the slides so I won't have to go to the expense and trouble.) In the near future I will be meeeting with an executive of a large company out here who is interested in the case. Perhaps I can get some financial backing to get some photographic work done.

Enclosed is a copy of a note one of the men I work for left me concerning your book. I' think you'll find it amusing. Best of luck.

Gary

Yes, I'd like a copy of "Oswald in New Orleans" at the bargain price of only $1.00 tax included. Please send in plain wrapper to the above, disguising yourself differently in bus station washrooms at least twice en route. This order form will self-destruct in 5 seconds.
